-Spectator Notes-

A few "lucky" Peninsula residents with TV reception saw the Crosby-Hope show given to get money to send U.S. athletes to the Helsinki Olympic Games. When Martin and Lewis, the two zanies, appeared, Bing took off. Obviously afraid that they might get carried away and remove his hairpiece during the proceedings.

. . . . . .

Speaking of TV, Corum Jackson will soon have the first set in Carmel installed and hooked up to the cable.

. . . . . .

The House That Jack Built is due to have some GREEN diamonds on display soon. Seems that regular diamonds are put into some atomic machine at Berkeley and come out green. However, before you go rushing to the scientists with your old white diamonds, we understand that sometimes they come out rather oddly. Who, for instance, would want a brown diamond?

. . . . . .

The Carmel city council has decided to make war on the lush growth of poison oak on the dunes north of Ocean avenue. For years unwary tourists have picked large bouquets of the stuff to beautify their rooms.

. . . . . .

Small sign on the door of the new Monterey liquor store, The Liquor Chest, reads "In case of emergency, phone..." Probably the emergencies referred to would be in the nature of a snake bite or possibly a sudden chill.

. . . . . .

The George H. Leutzingers of Pebble Beach returned home after a three-weeks trip to New York, Washington and the South.

. . . . . .

Sarah McCloud is home recuperating from a recent operation...basking in the light of her family's pride in what a brave young lady she's been about it all.

. . . . . .

Harriet Adams is in Des Moines for a few weeks, visiting relatives, her first trip back in a long time.

. . . . . .

Carolyn Elstob visited W. H. Adams, the Commercial Counsel at the British Counselate General in San Francisco last week.

. . . . . .

A brochure entitled "Stay-N-Play" has been issued by the Fred Diefendorf Agency in Monterey. It is about the Peninsula, its many and varied attractions, and has been approved by a committee of resort and hotel owners, and members of the tourist and convention committee of the Monterey Chamber of Commerce. There is a place on each brochure for the imprinting of the name of the business or person giving the folder away. Svelte, in soft shades of yellow, red, and brown, it is not only of value to prospective tourists, but to send home to those who haven't yet "discovered" this happy place.

Incidentally, Fred Diefendorf did the Mission Trails brochure, a 16-page, two-color guide for the current year. It is just now coming off the presses.

. . . . . .

Pat and John Cunningham returned this week from a six-weeks trip abroad. Most of their time was spent in Paris, but they did visit briefly in England and Ireland. Also back this week from France are Pete and Janine Johnston. They have been on a buying trip for their new shop which will open soon on Dolores street.

GLENN LEIDIG NAMED TO CARMEL SCHOOL BOARD

Glenn Leidig was named this week to fill the unexpired term of Al Fry on the Carmel school board. The term ends in 1954.

A native of Carmel, Leidig went through local schools and at present is employed at the Navy School.

DOWNTOWN PARKING LOT IN CARMEL DUE SOON

After wrestling with the parking problem for several years, the Carmel Business Association is on the road to a solution. The association has taken an option to buy the Murphy Lumber Company yard at the corner of Ocean and Junipero.

Tentative plans now under consideration include the purchase of the land, then turning it over to the city to operate. A plan will be presented to the city council at its July 9 meeting.

Under present plans, the lot will be able to accomodate about 300 cars. Some of the space will be rented on a monthly basis. The rest will be metered.

Paul McKinstry, chairman of the association's parking committee, said that the lot will be kept as attractive as possible. Trees will be saved. And any meters installed will be attractive, he emphasized.

HURD, JACKSON NAMED TO CHAMBER POSITIONS

Vernon Hurd of Pacific Grove has been named first vice-president of the Peninsula Chamber of Commerce to replace Alfred Fry of Carmel who resigned. Corum Jackson, Carmel, was named second vice-president.

The appointments were made by a committee including Arch Balchin, C. S. Olmsted, and G. H. Burnette, and were approved by the directors of the chamber.

NEW PRESIDENT FOR COMMUNITY HOSPITAL

At a recent meeting of the Board of Directors, Captain M. R. Archer Allen was elected president of the Monterey Peninsula Community Hospital.

Captain Allen succeeds the late Thomas W. Norris, who passed away in May.

FISH DERBY WINNER

BIG MOMENT FOR A SMALL BOY came when 11-year-old John Williams of Carmel was presented by Walter Hahn, Monterey city manager, with two weekly prizes for his lucky catch in the Monterey Salmon and Deep Sea Fishing Derby. John, who's a bit camera-shy with his Ojibway (or Apache?) haircut, bagged a 4-ounce octopus and received a merchandise order from Peninsula Auto Parts and a steak dinner from the Del Mar Cafe. The derby ends at 6 p.m. Sunday; grand prizes will be awarded July 6 on Old Fishermen's Wharf. -- *Arthur McEwen photo.*

AL FRY LEAVES TO TAKE ELKO, NEVADA, POSITION

Alfred G. Fry, La Playa manager for the past 12 years, has left Carmel to manage the Ranch Inn at Elko, Nevada. The Frys will keep their Carmel home, and Mrs. Fry and their children, Kathleen and Timothy, will remain here.

Fry has been very active in Carmel civic affairs. Besides being a member of the school board, he was a member of the Lion's Club and an official in the Peninsula Chamber of Commerce and the Carmel Business Association.

SCHOOL TAX TO REMAIN AT LAST YEAR'S RATE

According to a tentative budget approved by the Carmel school board, the present $1.65 tax rate will remain unchanged. Although the budget is increased by $40,805, higher assessed valuation in the district allows the same tax rate.

Two items accounted for the major increases in the budget. Teachers' salaries went up $14,125 under the new pay schedule, and new construction totals $16,517.

ROBERT STANTON MOVES OFFICE TO DOLORES

Now that Robert Stanton, Carmel architect, has moved into the former post office building on Dolores street his office will accept all kinds of work, including residences. The new office is designed to facilitate conferences with individuals on private homes as well as to take care of public building work.

For the past 10 years, Stanton and his staff have been concentrating on school and hospital buildings. During this time he has pioneered in the design of both types of buildings. Among the developments from his office is the first multi-storied solid concrete building made with colored concrete. It is the Marin hospital. The use of colored concrete eliminates the need for painting or facing the building, and cuts maintenance costs. Another development is triangular construction of the new elementary school at Morgan Hill. The simplicity of construction cut building costs so that "all the luxuries" could be included in the 10-room building for $155,000.

Stanton plans to put displays in the gallery entrance to his office. The displays will be of examples of new architecture, craftsmanship, and other allied arts, Stanton plans.

SGT. CHASE TRIED: REDUCED TO PRIVATE

Sergeant C. Dean Chase, Fort Ord soldier charged with disrespect to a superior officer following his writing a letter to General Mark Clark, criticizing the latter's handling of the Koje prison riots, this week was found guilty by a special court martial and sentenced to be reduced to a private first class and forfeit $75 a month of his pay for the next six months.

Chase was tried by a board of five officers. He could have requested enlisted men on the court, but did not. The enlisted man was defended by Captain Alvin Gordon, a member of the Judge Advocate General Corps, and also by Raymond R. Prady, a Salt Lake City attorney and retired Army colonel who was a former Judge Advocate during World War II.

Chase could have been confined for a maximum of six months, in addition to forfeiture of pay and reduction in rank. Mr. Brady and Chase both were pleased with the court's verdict.

"This clearly shows the fairness of military courts... that a soldier can expect and get a fair trial under the code of military justice," Colonel Brady stated. Chase was "very much surprised" at the lightness of the sentence. "I expected to get much more," he said.

BAY MERGER APPROVED

The county school redistricting committee voted this week 12 to 1 to allow most of Bay District to annex to the Carmel Unified School District. A hearing on the matter will be held in the Bay School tonight.

The earliest that the district could merge would be for the school year 1953-54 after a long procedure including and election in Bay district. The district is now a part of the Monterey system.

Coronation Cruise

In response to heavy demand, the Cunard Line has planned a cruise for Americans planning to attend the Coronation of Queen Elizabeth next June. The Caronia is scheduled to leave New York about May 4 and will make a southern crossing of the Atlantic.

Funchal will be the first port stop, followed by Madeira and on to Casablanca. After a call at Tangiers the Caronia will proceed past Gibralter for stops at Cadiz and Lisbon. Then on to Irish ports of Glengarriff and Dun Laoghaire, crossing next to Oban, Scotland, through Scapa Flow to Queens Ferry (for Edinburgh). The final leg of the cruise will be via Le Havre to Southampton, where she will arrive about May 30.

As a safeguard against difficulties in obtaining hotel accomodations in London, the Caronia will remain at Southampton and serve as a hotel for passengers. Transport to London for the Coronation parade and grandstand seats for the procession will be provided.

Cruise arrangements also provide for unlimited stopovers for passengers who wish to linger in Europe, and fares include return passage to America on a later Cunard sailing.

We advise making reservations quickly, for an early sellout is predicted and the cruise capacity is being strictly limited.

TO HANG AT GOLDEN BOUGH

--Arthur McEwen photo.

John Young-Hunter, eminent portrait painter of New York and Taos, is lending to the new Golden Bough Playhouse his distinguished painting, "David Garrick," according to Gabrielle Kuster, a director of the theatre corporation and daughter of the artist.

The picture, for many years a favorite of the artist and withheld from sale, has been seen in important loan exhibitions over the country. A special display case has been recessed into the wall of the Golden Bough's foyer to receive the beautiful and valuable work, a reproduction of which appears on this page. It measures seven feet across by five feet in height and will dominate the entrance to the new theatre.

The subject of the painting is the climax of the famous play, "Garrick," representing David Garrick, the finest actor of the 18th century and one of the greatest players of all time, in the act of simulating drunkenness before his lady love in order to draw down her aversion and bring about his dismissal. Garrick, so the story runs, had reluctantly entered into a pact with the lady's father to make this sacrifice of his happiness, bowing to the family's prejudice against the acting profession, at the time generally considered disreputable.

The picture, it is stated, will remain in storage until the Golden Bough's formal opening late this summer.

Additional display cases in the foyer will house choice exhibits from Peninsula art galleries, as well as the representative work of local weavers, silversmiths, and other craftsmen.

MONTEREY TB REPORT

During the first three months of its operation, free chest X-rays have been given to 8,407 persons in the Monterey County Health Department's new mobile unit. During this period (March 1 to June 1) the regular adult program has been supplemented by a survey of school children in the 7th through 10th grades throughout the county. This demonstration heart program is financed by the Monterey County Heart Association in cooperation with the County Tuberculosis and Health Association, donator of the unit.

The X-rays for this school demonstration are read primarily for suspicious abnormalities of the heart, though other suspicious findings are noted, such as tuberculosis, lung cancer, lung tumor, and other diseases in the chest. Each film is studied by two Salinas radiologists.

The mobile chest X-ray unit is used for survey purposes only, according to Dr. Kenneth C. Sheriff, health officer and director of the program. It screens out suspicious cases for further study, but does not definitely diagnose disease. When the 7pmm film reveals the possible presence of tuberculosis a larger film is taken and the reports are turned over to the individual's private physician for clinical and laboratory tests.

The 5,519 films in the adult program indicate the following: Suspicious Tuberculosis, 53 cases; Suspicious Cardiovascular (heart and blood vessels), 101 cases; Other suspicious diseases of the chest, 22 cases.

Seven persons have already been hospitalized as active tuberculosis, and the remainder of the above are under the observation of private physicians.

The 2,888 films in the demonstration heart program indicate the following: Suspicious Cardiovascular (heart), 6 cases; Suspicious Tuberculosis, 3 cases. These children have been referred to their private physicians.

Education..

MONTEREY SCHOOLS HAVE SUMMER CLASSES IN MUSIC

The Monterey Public Schools will be conducting courses in music beginning July 1. Band, instrumental, and chorus music will be taught, as a part of the free summer school. Anyone is eligible for instrumental instruction provided they will be grade 4 or higher by next September, and pupils in chorus will be accepted if they will be grade 5 or higher by September.

Melvin Buffo, of the Monterey Public School faculty, will be the instructor in band instruments, and Reu Manhire will conduct classes in strings and choral music. The classes will be held daily from 9:30 to 12 noon, in the Treasure Music Hall on the Walter Colton school campus.

Further information on the program may be had by telephoning either the Monterey schools at 2-5861 or the Monterey recreation department at 2-8121, extension 110. The classes are open to Carmel residents as well as Montereyans.

FORT ORD PLANS UPPER COLLEGE PROGRAM

Tentative plans were discussed this week to offer civilians and military personnel of this area upper-division college credits, in the near future.

Harold Seyferth, coordinator of Extension and Field Services of San Jose State College made the offer of this program to Lieutenant Colonel Eugene W. Hilton, Troop Information and Education officer here. This would be the first time that residence credits for upper-division college has been offered on the Monterey Peninsula.

San Jose State is offering the extension courses to a six county area. The region extends from the south boundary of San Francisco County to the south boundary of Monterey County.

The courses would be offered for each course instituted. A minimum of 20 students must sign for a course before it can be offered. All classes would be mixed civilian and military.

DR. FRIEDY B. HEISLER, whose tall and dignified figure is familiar to many localites from her mental health work, is a person of remarkable energies and many interests.

Born in Switzerland, she studied first in St. Gall and later at Neuchatel, where she met and married her husband, Francis Heisler. He was at that time a professor of higher mathematics. Their son, Ivan, was born in 1921 and shortly after, the Heislers moved to Berlin, where Freidy studied piano, and her husband taught engineering and mathematics. When the political atmosphere of Germany began to thicken, the Heislers decided to come to the United States, so that 1924 foundthem new residents of Chicago. It was at this point that both, with no evident trepidation, undertook entirely new careers.

An interest that had begun when the presence in Switzerland of Freud, Jung and Adler had stirred the thoughts of all young Swiss, galvanized now in Dr. Heisler, who began medical school at the University of Illinois. With equal adaptability, her husband decided to pursue his interest in law, and both set off to college at a time when most mortals are peacefully contemplating class reunions.

Freidy Heisler graduated from Illinois med school in 1936, and began immediately, her two year internship at Michael Reese Hospital in Chicago. It was only then that her specialization in psychiatry could begin...a three year stint at Elgin Psychiatric Institute. During this time she taught at the University of Illinois psychology department, and did much work in the Chicago Community Clinic and U. of Illinois Clinic. Later, when she had her specialization boards, Dr. Heisler worked at the Veterans' Rehabilitation Center and Family Service agency in Chicago, began a private practice, and (just to round out) became an instructor in psychology at Roosevelt Hospital.

The move to Carmel came for the Heislers through their son Ivan. In California at Stanford Medical School, he "notified" his parents of his "discovery of Carmel." They followed his advice to vacation here, and as Dr. Heisler says, "Decided this was it!" They made the move complete four years ago with the purchase of a Carmel Highlands home. Dr. Heisler's time is spent entirely in Carmel now, while her husband divides his law practice between here and Chicago.

With her boy now a doctor, working with the Army Air Corps in England in psychiatry, Dr. Heisler devotes her seemingly tireless mind to her private practice and to mental health organizations. A past president of the Monterey County Mental Health Association, she is now chairman of its Survey Committee...ardently devoted to providing better psychiatric care in the county for those who need it. She is deeply interested in the "preventive" aspects of psychiatry, and to its application in education, law, and public health.

Last year she began an extension course for teachers at Sunset School, under the University of California, in which she taught small groups a classroom mental health technique.

A member of the International Mental Health Association she last year attended their Mexico City convention, and is on their commission studying leadership and authority...a group devoted to a study of the factors making for leadership and followership in nations and individuals.

Last year Dr. Heisler was notified of, and this year received, a Fellowship in the American Psychiatric Association. Not a degree but an honor, it is in recognition of outstanding contributions to the field of psychiatry. One is tempted to analogize... that the Heislers are themselves, a notable contribution to Carmel, active, beneficial, and charming to boot.

From where I sit ... *by* Joe Marsh

Whitey Sure "Rang the Bell"

Telephone woke me out of a sound sleep last Friday about eleven-thirty. "This is Whitey Fisher out on River Road," says a voice. "I just wanted to tell you how much I like this week's *Clarion.*"

"Thanks, Whitey," I told him. "But why in blazes call to tell me at this time of night?" "Simple," he says, "your paper boy just delivered it a short while ago. Been waiting for it all evening."

Next day, Buzzy Wilson tells me he delivered Whitey's paper late because he stayed for the school dance and thought it would be OK to drop it off on his way home.

From where I sit, I can't blame Whitey for his joke. He was just reminding me we owe other people the same respect we expect from them. Since I'm always talking about respecting the other fellow's rights—including his right to enjoy a glass of beer if he chooses, it was only fair that Whitey should "wake me up" to *his* right to get his copy of the *Clarion* on time. Thanks again, Whitey!

Have you tried Buick's Power Steering?

HIGH-TAILING down a broad straight road, you have that same sure sense of command that has always put such a thrill into piloting a great performer.

You're the boss. Your hands tell you so. It's the feel that so many folks who love to drive have come to know and enjoy.

This year, you also have at your command the highest horsepower in Buick history—and an Airpower carburetor, with two barrels in reserve to deliver an extra spurt when needed.

You have the size, the silence, the smoothness that make this ROADMASTER so distinguished among fine cars.

Where then, you ask, does Power Steering† come in?

When you want to get into—or out of—a tight spot at the curb, Power Steering takes over the extra effort of turning the wheels, and you can forget the two-tons-plus of automobile you're handling.

When you want to turn around in a narrow space—Power Steering lets you get the last inch of benefit from Buick's short turning radius, because it makes the maneuver so easy.

When one front wheel hits a bump, a chuckhole, loose sand or dirt at the edge of a road—Power Steering takes up the jerk—makes control of the wheel easier and therefore safer.

Many folks who have tried it tell us that Power Steering has added almost as much to the pleasure of owning a Buick as Dynaflow Drive.

When would you like to try it?

Equipment, accessories, trim and models are subject to change without notice. †Optional at extra cost on Roadmaster only.

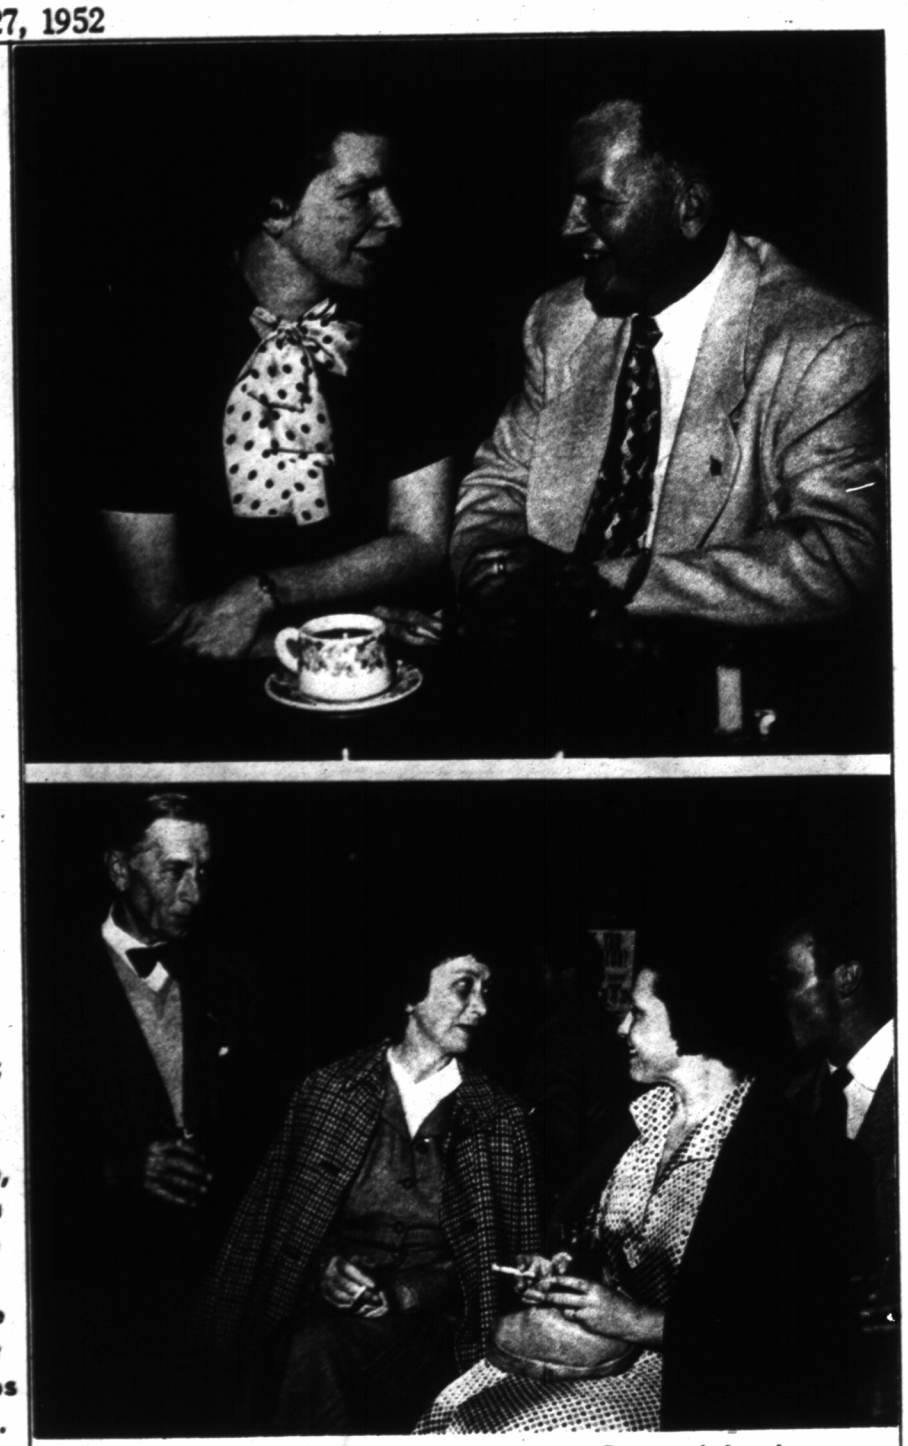
A public hearing on the Tularcitos Fire District's 1952-53 budget has been set for Tuesday, July 1, 8 p.m. at the Tularcitos firehouse. The meeting is open to all taxpayers of the district:..The new budget as recently announced by the board of fire commissioners is $9,150.42, based on the old 50¢ per hundred rate.....

Newly organized Ladies Altar Society of the Our Lady of Mt. Carmel Church met Mon. at the church, elected Mrs. Harold Sand as secretary to replace Mrs. Rosegrant who is leaving the Valley...contributions for prizes to be given on the group's Wheel of Fortune at next Sunday's Fiesta de la Raza concession have been asked...can be deposited at the Sand Real Estate office...Regular monthly meetings will begin in September.....

Correction: In last week's issue, The Spectator erroneously called the Valley ranch on Los Laureles Grade bought by Don and Betty MacDonald, the "Lewis" ranch..The MacDonalds have bought the Chester T. Jessie Ingram spread perched spectacularly atop the Los Laureles Grade..where Don will raise cows and Betty will continue to raise novels.....

Tongue Tip: Ever get hold of a hot chili picante pepper which seared your mouth like a brush fire? Here's how to get rid of the fire--take a teaspoon tip of sugar and let it melt in your mouth..Remember this when you join the crowd this Sunday at La Fiesta de la Raza at the Carmel Valley Country Club. This Mexican bazaar-frolic put on by various Valley groups for money and fun-raising purposes will include tables of tacos, tamales and Mexican hot stuff...also gringo pies, cakes, and other delicatessen items hand-baked in Valley ovens...The day's events include free swimming, a free horse show put on by Beauford Clark's troupe of performing horses, a Punch and Judy show, dancing to Manuel Campos' 6-piece orchestra, and a long midway of booths and concessions varying from wheels of fortune to taxi dancing..Paso Tiempo will peddle candy and kisses; Youth Fellowship, white elephant and fish pond booth; Catholic Church, Beano and Bacon and Egg Win; Chapel Guild, cakes and pies; Peninsula Pets, white elephant and chihuahua show; Jack Swan, painting exhibit; Renee Poston, Mexican bazaar; Elegant Elephant, pronto pups; Alex Weygars, homemade honey; Mrs. Sam Corona, homemade enchiladas; Betty Greene, pony ride; Hanssens Begonia Garden, flower show; Mexican Club women, Monterey, making tacos and tortillas on the spot...Proceeds will be kept by individual-sponsoring groups ...Admission to Fiesta is free.



ENJOYING A CELEBRATION at the Carousel for the cast of the "Valley Varieties" and their friends after the close of the successful Barn Theater show last Sunday night are *(top)* Mrs. and Mr. Bart Dolman, and *(lower photo, left to right)* Carl Moll, Mrs. Paul Whitman, Mrs. Carl Moll, and "Butch" Whitman. Travel Talk

Did you know that while the new tourist airline fares to Paris offer a saving of $125...the service on tourist trips is not greatly less than on first class trips? Meals, free on first class, are sold on tourist fare at moderate cost. For example, Air France gives a dinner and breakfast for $3.00. Pan American's tourist trip dinners are only $1.75... B.O.A.C. hot meals are $1.50. All in all, tourist fare ($290 New York to Paris) offers speed and economy--with comfort!

* * * * *

A recent survey shows that over 2/3 of those people who travel, do so on an income of less than $10,000 a year...more than half of these in the under $7,500 bracket. Seems to prove that one needn't be wealthy to enjoy the best of all recreations, seeing the world!

CARMEL BOY WINS FISHING DERBY PRIZE

The youngest fisherman to nab a prize in the Salmon and Deep Sea Fishing Derby was John Williams, age 11, Route 1, Box 132, of Carmel. John won the seventh weekly first prize for octopus. True, John's octopus wasn't very large, but as it was the only one registered in the derby for the seventh week, it became a prize winner.

LAUNDRY BAR-B-QUE

The second annual barbecue for Del Monte Laundry employees and their families was held at the Indian Village on the 17-Mile-Drive last Sunday.

Representing the Del Monte Properties Company were Mr. and Mrs. Charles S. Olmsted and Mr. and Mrs. Chester Gillette.

Approximately 140 turned out for the affair. Chefs of the day were Alfred Leandro, Frank Martin, John Fraga, and J. Ferandes. Music was provided by strolling musicians and Walter Kelsey entertained with his violin. Games of all kinds, including baseball, races, tug-of-war, etc., for which prizes were awarded, afforded entertainment for young and old alike.

M. R. Silveira, manager of the Del Monte Laundry, was host for the barbecue, and was assisted by members of his staff.

The Amateur Gardener

GARDENING FOR HEALTH AND HAPPINESS

By CHARLES W. DELANEY

GARDEN MAINTENANCE

If the weekly outline has been followed in our gardening column, even to a small extent, this is a time to relax and enjoy the results of our efforts. There should be considerable color and pleasant expectancy in watching plants grow and vegetables harvested for use.

However, those of us who wish may keep busy in planning for next winter and spring. As we explained in last week's column, this is the time to sow seeds for late summer and and fall flowers as well as for next spring.

A garden always requires maintenance chores during the time after the rains have ceased. The plants become thirsty and so watering is a necessity. The best time to water the plants is early morning or evening. One good soaking is much better than many light sprinklings. The roots may be watered at any time. When moisture is needed, allow the hose to trickle close to the roots. If the hose is placed on a piece of burlap or old cloth, this will prevent the force of the water from washing the soil from the roots.

WATCH FOR INSECTS

The white fly, a tiny, flying insect that hides on the under-side of leaves, causes the leaves to turn yellow and fall off. Spray with Black Leaf 40, lindane or Ortho-extrax. Most of the all-purpose spray mixtures are efficacious in controlling insects.

Wherever leaves are eaten, which is so common an occurrence with cinerarias, dahlias, foxgloves, and anchusa, I get better results using a spray composed of four level tablespoonfuls each of lead arsenate, and hydrated lime, and one tablespoonful of Duz, to a gallon of water.

The red spider is now active in the evergreen bushes and trees such as junipers and cedars, causing the leaves to turn brown and fall off. The above mixture may be used, but I think Vapotoire-XX is much better. Follow the directions on the bottle.

The roses may show rust, mildew, and black spots. Pick off discolored leaves and spray with Ortho-rix and Isotox. Be sure to spray the new leaves, trunk, and the soil. Soil sulphur worked in around the roots is very helpful as a preventative.

CARE OF ROSES

A slight summer pruning of bush roses is indicated. That is, cut the old bloom back to two joints. By so doing, a second bloom will come on. Climbing roses need the side shoots cut back to two joints, but I do not cut the long branches.

Mulch all plants with dry barnyard fertilizer and peat moss about one inch deep. This will conserve moisture and increasefertility. Dahlias, chrysanthemums, roses, candytuft, and calla lilies should be given this mulch now.

Parsley should be sown in a sheltered part of the garden. Loose leafed lettuce may also be sown--try Bibb. Our brocooli has matured enough to use. The squash will be cooked next week. Early tomato plants may still be planted.

Watch the weeds--they grow faster than your plants and soon overtake the garden. Pull them up or hoe them down. A clean garden is a healthy garden.
